(An Exemplar Global Registered Course)

COAE International
Centre of Assessments for Excellence

Benefits of ISO 31000

Risk is a necessary part of doing business. We live in an ever-changing world where we are forced to deal with uncertainty every day. The ISO 31000 standard provides guidelines and direction on how organizations can integrate risk-based decision making into their governance, planning, management, reporting, policies, values and culture.

WHO IS THIS TRAINING FOR?

Professionals who are responsible for managing different types of risks in their organizations.

Our learners come from all organizations, regardless of type, size, activities and location.
